

## MINISTER'S OFFICE

OTTAWA 23rd December, 1915.

*Personal*

H. H. Stevens, Esq., M.P.,

Vancouver, B.C.

Dear Mr. Stevens,-

Mr. Burrell is at present confined to the house with an attack of grippe. I read your wire to him and then showed it to Dr. Roche. It is felt that under the circumstances it would be just as well not to make any move.

With best wishes for the  
New Year,

Yours faithfully,

Private Secretary.
