Vancouver.

My Dear Sir:

I beg respectfully to offer my
heartiest thanks and my congratulations &
you for your personal interest and for
the happy consummation under your guidance
of the Komagata Maru Tangle. Your work here this
regard has been, I believe, of Imperial importance
and deserves the heartiest commendation of all

Thoughtful Canadians.

While I do not think the question of Oriental
Immigration has been by any means solved
I believe that any other policy than total
exclusion ^{at the present time} will lead to the most serious
and disastrous consequences to our Canadian
National life.

With warmest thanks

I am
Yours faithfully
R. J. Wilson
