FULL INSTRUCTIONS COMING TOMORROW

Daily Vancouver Province June 11, 1914
Japanese Owners of Komagata Maru Cable Mr. C. Gardner Johnson.

Mr. C. Gardner Johnson, agent for the owners of the Komagata Maru, received a cable from Japan this morning informing him that full instructions as to the disposition of the ship will be cabled him tomorrow.

The situation today stands thus: Captain Yamamoto was cabled by his owners to the effect that if the balance of the charter money and other expenses was not paid by today he was to return to Japan forthwith.

Vancouver Hindus offered to pay the money if the charter was transferred to Rahim Singh, a Vancouver Sikh.

Gurdit Singh at first refused to consider this, but yesterday afternoon changed his mind and said he was agreeable.

Mr. C. Gardner Johnson cabled the Japanese owners yesterday evening of this offer from the Vancouver Hindus.

Today he was notified that full instructions would be cabled on Friday.

AGAINST ALIEN LABOR

Ward Seven Conservatives Do Not Like Foreigners on University Work.

A request that in future no foreign laborers be employed on any government work and that these positions should be filled only by British subjects will be forwarded to the Provincial Government by the Ward Seven Conservative Association, it was decided at a meeting on Tuesday. The question came up after a statement had been made that a number of Russians not naturalized had been employed in clearing the grounds of the new university in Point Grey. It was pointed out that the government had nothing to do with the employment of these men, this matter resting in the hands of the board of governors of the university.

That the stand taken by Mr. H. H. Stevens, M. P., regarding the exclusion of Hindus should be endorsed was also decided at last night's meeting. Alderman Woodside said that radical action should be taken if the Hindus now in the harbor were allowed to land. In the meantime, he said, every effort should be made by every public body to see that they were not allowed to come in.

HINDUS ANXIOUS TO PARADE TODAY.

Immigration Superintendent Reid stated this morning that whether it was wigwagged from shore or thrown aboard the Komagata Maru from a passing boat he can not tell, but it is a fact that the Hindu passengers on the boat asked the immigration officers on the patrol boat this morning for permission to come ashore for a couple of hours for the sole purpose of giving a patriotic parade. They claimed that their presence would convince spectators of the great extent of the British Empire. Superintendent Reid had to refuse the request on account of the complications the granting of the request was sure to bring about.

The immigration department did not hold examinations of the Hindus or Sikhs on the boat today.

The actions of Mr. H. H. Stevens, M. P., in trying to have all Asiatics excluded from Canada were endorsed by a resolution passed by the Ward Eight Conservative Club last night. One member of the club questioned the right to exclude Hindus when negroes were allowed into the country freely. The reason of this, in the opinion of Mr. A. H. B. Macgowan, M. L. A., was that the negro had not forced himself upon the country whereas the Hindu had.

License Board Requests Hotel Men to Employ White Labor.

For White Help in Hotels.

The board, on the motion of Commissioner Leek, passed a resolution favoring the employment of white help in hotels in preference to Oriental labor, and requested all hotel proprietors to comply with this as far as it was possible for them to do so.

Mr. J. H. McVety, of the Trades and Labor Council, requested the board to make it compulsory on license holders to employ only white labor. This he said had been done at Prince Rupert and had proved successful. In order that it would work no hardship on the hotel proprietors, he urged that they be given three or even six months in which to make the necessary changes in their staffs.

Mr. Riordan of the Hotel Metropole, opposed the request, saying that while the majority of the hotel men were strongly in favor of the employment of white labor in preference to Orientals, the right class of domestics and cooks could not be secured at the present time. Any comparison, he said, between hotel conditions here and in Prince Rupert, was unfair.

It was also urged that the hotel men could not afford to make the change suggested at the present time, as financial conditions prevented them doing so. Representatives of the Cooks' Union and Bartenders' Association spoke strongly in favor of the suggestion made by Mr. McVety.

After considerable discussion the resolution proposed by Commissioner Leek unanimously carried.
