Dear Mayo,

When I was up today I forgot to mention one matter. You may recall about almost a year ago when I mentioned to you about the Terminal Tire Shop in Nanaimo, operated and owned by the men who used to look after Mr. Johnson's Tire Shop where you used to have your tire work done. I told you that these people would likely be able to give you as good or better service than you are getting through Ciceri. At the time, you told me that as Ciceri meant nothing to you, you would tell your employee who is in charge of the purchase and maintenance of tires, to give these people at least some business. I understand from them that they have had nobusiness watsoever from McKay Lake, and would like very much to have a chance at least. I have absolutely no interest in this company, but I know the owners and that is the only reason I am suggesting this. I am sure that they would make every effort to give you every possible service should you give them the opportunity.

With kindest regards,

Yours very truly,

O. H. HARDER
