

December 27, 1934.

Dear Mr. Mayo,

I was deeply grieved over reading the account of the loss you have sustained in the loss of your mill by fire yesterday.

I want to assure you without delay that the Sisters and myself sympathize with you and the members of your Corporation in his heavy trial, which in its effects reaches out to so many who must for a time be thrown out of employment. For these particularly you feel keenly your loss, - and no doubt you are already devising ways and means to come to their rescue. We want you to feel that if we may be of any assistance in relieving you shall not hesitate to call upon us to help out. -

Trusting to the future for compensation of the difficulty visiting you, now, and hoping yourself and family are blessed with good health - Believe me, dear Mr. Mayo,
Very sympathetically yours,
Sister M. Ludovic,
