

Dear Mr. Mayo,

You have asked me to return my gifts which I got for my wedding. I will return the cedar chest & you can tell Jindo to make me a list of everything else that was given to me by your family for I cannot remember what else was given from Mrs. Mayo & Jindo.

About the bedroom suite you asked me to return to you. You say to me that you gave it to me as a gift. I did not think of it while you were here so I am writing you about it after I ~~remember~~ remembered about it. As you may know when my uncle Mall died he had \$600 in cash in his pocket. That money was given to Mr. Munscha to keep for us. Some of that money was used on his funeral costs & some, we used but there was a great sum left. We were told after our wedding that the bedroom suite & a dining room suite for Nasiv was

brought from my uncle's money. You bought the things & Mr. Munsha paid you from my uncle's money. We were told that the remaining sum of uncle's money along with \$115 for a row we sold that a ~~(check)~~ cheque was made to you by Mr. Munsha before you went to India. So if you want the bedroom suite, would you kindly let me have the money. The bedroom suite has not been used & is still tied like when it was brought for there was no room in our house for it. If you say that you bought it with your own money, would you please give me a account of my uncle's money as to what was done with that.

Thank You.
