Gentlemen

Please refer to your letter of August 12 1926, #3396-H, by Mr S N Reid; then on July 29 1927 this letter was extended with authority to proceed by Ottawa cable under date of July 28 1927 by the Director of European Emigration for Canada.

This relates to the two young students Bishen Singh, age 14 years, the other Shanker Singh, age 12 years, whose present residence is with the Mayo Lumber Company at Duncan, B C.

Both boys are now enroute to California for a school term and visit and this is to advise you that they went thru Victoria and at Sidney took the boat to Anacortes, then thru Seattle to California and I have reported to your department in room 510 Securities Building, Seattle, to Mr J B Lister.

Trusting this will cover the situation, I remain,

Yours very truly
