Dear Mr. McInnis,

After our telephone conversation I wired the Deputy Minister of Immigration and Colonization, copy of which is enclosed herewith. Will you kindly let me know how you propose to proceed in this matter, as it is quite evident this will have to be dealt with on new lines. I am glad that you are hopeful that Ganda Sing can remain in the country. Up to the present I have not been able to see much chance of accomplishing this but had hoped for an extension of time which would possibly enable him to remain in the country for a further period.

When writing will you kindly give me your address?

With kind regards,

Yours truly,

JIM/HC
