Dear Mayo:

Further to our conversations in connection with the arrangements which were made for the application for permanent admission to Canada of Karnail Singh.

I am attaching for your information a copy of a letter from Mr. Moresby, whom we retained at your request to handle this case and to handle the appeal, together with a copy of the Brief which was prepared and forwarded to the Minister of Immigration at Ottawa.

I am also attaching Mr. Moresby's account in the amount of \$50.00 and I would appreciate very much if you would forward Mr. Moresby your cheque for \$50.00, payable at par in Victoria by return mail.

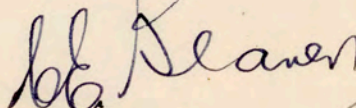

You will also note in Mr. Moresby's letter that this does not include his fee in connection with the Appeal and preparation of the submission and should this appeal be successful, Mr. Moresby has left the matter of a fee for your discretion.

I feel that Mr. Moresby has been most reasonable in his charges and I am sure, should the appeal be successful, you will give special consideration to the balance of the fee payable.

I hope that we receive good news soon.

Yours very truly,
