Mr. Mayo Singh,
Managing Director,
Mayo Lumber Company,
Paldi via Duncan,
B.C.

Dear Sir,

We have received recently, through the Capital Travel Service in Victoria, the account that we sent you for professional services rendered in connection with the admission of your son-in-law, Karnail Singh Saroya to Canada. We note that you deny any responsibility for this account. We will deal with that matter in a subsequent letter.

However, it is important for us to know as soon as possible whether we are correct in believing that Karnail Singh Saroya is not in your employment and that relations between you are not good. During the absence of the writer at Ottawa recently Mr. Karnail Singh Saroya and Mr. Dharan Singh called at this office and saw Mr. W.C.Moresby, K.C., and told him that Karnail Singh Saroya was not on good terms with you, and, moreover, that he was not in your employ. We should be glad if you will confirm the correctness of these statements as soon as possible.

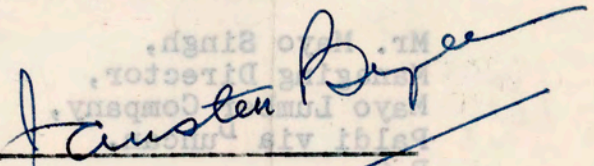

The reason why we ask for this information is because in making representations to the Minister of Mines and Resources, both directly and also through the High Commissioner for India in Canada, stress was laid upon the fact that the future of Karnail Singh Saroya was assured, and that he could never become a charge upon the public revenues because he would be either continuously in your employment or enjoying a share in your business; and it is more than possible that the assurance of this young man's future may have influenced the Minister in revoking his earlier decision to deport him from Canada. We do not wish to go on record as having made incorrect statements of fact; and if these statements are, as we are now informed incorrect, it will be our immediate duty to point this out to

the Minister of Mines and Resources accordingly. What action he would take is not for us to speculate upon.

A very early reply to this letter will be appreciated.

Yours truly,
MORSBY FARR BYERS & MORSBY.
