Dear Mr. Mayo:

On behalf of the Board of Trustees of the Solarium I would like to express our sincere appreciation to yourself and your family for the tremendous support given to us over the years. As you are well aware, this support has been with us almost since the start of the Solarium at Mill Bay.

We fully realize that, with the pending merger, the present generous arrangement cannot continue and our Administrator is being advised to deal with the purchase and payment in relation to fruit and vegetables from July 1st on.

It is almost impossible to express thanks for the tremendous generosity given by the members of your family to this hospital but I can assure you that we are all deeply appreciative of your efforts in this regard.

May I extend best wishes to yourself and members of your family for the future.

With kind regards and best wishes,

Yours sincerely,

*And very warmly,*  
*John Wade.*

John H. Wade,  
President, Board of Trustees.
