

[Pages from Mayo Lumber Company monthly payroll book, 1915-1917]

The image shows an open book with two pages of a payroll ledger. The pages are filled with handwritten entries in a grid format. The text is somewhat faded and difficult to read, but it appears to be a record of monthly payroll for the Mayo Lumber Company, covering the years 1915-1917. The grid includes columns for names, dates, and numerical values, likely representing wages and deductions. The paper is aged and shows some staining.
