Dear Staff Sgt. Busson;

I read your interview in the Oct. 12, 1994 edition of the Quesnel Advocate and at the end of the article you asked for input from the community on what the problems are. As a citizen of Quesnel I would rather give you some good news. I am the Area Coordinator of the Black Parent Program in Quesnel and as such have had a lot of contact with two of your members.

First, I would like to tell you how happy we are with Cst. Dhillion as our liaison officer. Baljej is very supportive to our program. He allows us to meet in the R.C.M.P. building and attends our meetings with good humor. I personally have come to know I can rely on his judgment when the need arises. He did something special for us in September. He found out we were looking for a business to sponsor the printing of "Safe at Play" coloring books so that we could distribute these to the grade 2's in our district. Without being asked to do so Baljej not only found a source of these books (already printed), but also within a couple of hours had a local business lined up to pay for them. Talk about above and beyond the call of duty!

Second, a special shoutout to Mike, who answers the phone and comes to the front window. I'm sorry I don't know his last name. He is especially helpful and always courteous when I call or come down to the office. He often goes out of his way to find what I need.

Last, I want to welcome you to Quesnel and I hope you enjoy life in our community.

Sincerely,

Dianne Pelz
