Done Mr. Rvide In To Designation of Single to Sacata - I do not think that buil logislation of exclusion to either politic or just. As to their right to order I taken there out he an question. If we as freelymps and justify our estension tota lights in the depend (non-Mirabeth simply for the pursuess of pain, surely the purple of Inita who done to us not us foreigners but as fellow-subjects should have the right of other. If for commits or shotal reasons that abelian be thought inexpettent then our Artital sense of fairplay - our stri -ligation - our Gratation mentions should distate some mebber plan than stople emplorism. When we won't to India, musts rules would not allow her pumple to go shread, to others on the high some involved. a forfolture of mosts rights and privileges. So here taught them the shourdity of their notions. We have liquided the sampaled many and then to its laws, the liquid man east flow and sentime to flow It is up to us to direct the surrent. A few days age it was acc in somewhim with the Senia African tangle, that stops would probably he taken to direct the last Indian to the Samian. Shether the denies will proport inframesonts sufficiently strong to many the indian to enter, has got to be crowed; but, I have no doubt that the edition of this present propular problem is to be found in mer man way as that proposed. Privately and publicly since becoming acquainted with conditions in F-D- during this year, I have advanced at the ...
