It would be noted in connection with the above information that the figures should be read above the number of Hindus of the State from the year 1909 to the year 1914. The number of Hindus who have been admitted to the United States, in each year, from 1915 to 1920, is 220. It will be noted that during the year 1914 the number of Hindus admitted to the United States was as small as in any other year of the period.

Very truly yours,
